Subject: GS-11B-19066, Bid Package No. 2, Headquarters Building,
CIA Headquarters Expansion, Langley, Virginia, Site
Access - "High Road/Low Road"

Gentlemen:

Reference is made to your expressed concern regarding the use of the
"high" road between the new building and the old cooling towers during
the winter months.

This will confirm our previous verbal reply that we have no objection
to utilizing the "low" road west and south of the substation and the
powerhouse.

Sincerely,

A handwritten signature in dark ink, which appears to read "Arthur J. Carlucci", is written over the typed name.
